Timely Adoption of Textbooks

It is important to accommodate the needs of all students, particularly students with disabilities. To comply with the Americans With Disabilities Act (ADA), instructors who do not submit textbook(s) and/or instructional materials orders by the deadline established by the campus bookstore will lose the right to select the textbook and/or instructional materials for the course for the semester. The department chair or program coordinator will be required to select the textbook(s) and/or instructional materials for the courses that do not have textbook(s) and/or instructional materials adopted by the deadline.
